

BRINGING THE LITTLE ONE HOME

BRINGING THE LITTLE ONE HOME

7 in Edition

Anyone who has travelled Africa especially East Africa will have seen this scene in some shape or form. I have tried to catch the whole of this scene from the agitated nanny goat to the young boy ignoring her but also aware of her and his duty to bring them all home safely. The whole scene is softened by the absolute indifference of the dog - oblivious of everything but his own important business.
