

BUFFALO ON THE ROCKS

BUFFALO ON THE ROCKS

25 in Edition

Perhaps the most awesome of all bovines, this beast has developed a reputation for himself that is often misleading. If treated with the respect he deserves he is not the dangerous animal he is made out to be. However, wound him with a badly placed shot and lower your guard or become complacent around him and you take your life in your hands. The desire to hunt is today diluted in me but for this one animal. I love to pursue the buffalo even today. This is as I see him and I don't need a photograph to find him in my mind - he will always be there.

Dimensions

W: 12" H: 12" L: 19" (30cm x 30cm x 48cm)

Weight

12lbs (5.4kg)
