MASHAMBA NDZOU

# MASHAMBA NDZOU

## 50 in Edition

I just needed to sculpt another Elephant and so I quickly created this little piece and named him “Mashamba Ndzou” which is to say the “Elephant’s Bathroom” which is in fact a spring on the side of and near the crown of a hill in the Chewore area of the Zambezi valley. The hill itself is called Mashamba Ndzou.
