NEMESIS

# NEMESIS

## 17 in Edition

This sculpture is inspired by a photograph. Of course it is impossible to emulate the picture in a bronze but if I close my eyes after seeing that picture many years ago this is what I see. Seconds from death what choice did the primate have but to turn and try to frighten his adversary away? I am sure that his gallant effort was to no avail.

## Dimensions

W: 8" H: 9.5" L: 21" (20cm x 24cm x 53cm)

## Weight

14lbs (6.4kg)

BRONZE  
*Africa*
